January 28, 2026: And Now the Escalation Returns and Begins Again

We are continuing to experience an ongoing use of acoustic agitations to subject us to a private nuisance within our own home.

Our government is abusing us inside of our private lives because we object to being abused by our government.

I am serious. **Our government is abusing us more because we object to being abused a little**.

I have done my part to alert the '**authorities**' but they **care more about their own paychecks than our peace and security**.

Obviously and apparently, **the United States is being run as an abusive criminal enterprise against the citizens that it was tasked to represent and protect**.

People are being threatened and actually harmed.

THIS IS HOW NAZIS THREATEN AND ABUSE POLITICIANS:

> Ms. Omar, a Democrat who represents part of Minneapolis and has been a frequent target of President Trump, held the town hall in her district of Minneapolis to address the ongoing ICE operations in the city. Hours before, Mr. Trump criticized Ms. Omar at a rally in Iowa and repeated inflammatory remarks about her birth country, Somalia. He said immigrants "have to show that they can love our country. They have to be proud, not like Ilhan Omar."
>
> The assault occurred just after she said: "We must abolish ICE for good. And D.H.S. Secretary Kristi Noem must resign or face impeachment."
